

HIGH CAPACITY FLOW DATA CENTER VALVES

Mission Critical Valves for Data Centers

051 Series

Resilient Butterfly Valves:

- 1.5" - 48" Lug Ductile Iron Body
- Max-Pressure 200 PSI
- Double Dead-End Service
- Malleable Iron Handles Available
- Cast Iron Gear Operators Available
- ISO 5211 Automation Ready Design
- Cost Competitive & Well Stocked
- 3-Year Standard Warranty

Disc Optimized for Higher Flow Efficiency
(Up to 12% Increase on Sizes 2"-12")
